Dear Russ,

Larry Finley of the Chi Daily News is interested in Radio TV Reports. He visited me recently. He is back in Chicago (401 N. Wabash Ave., 60611). After returning he did a bit of checking, incorporated in a letter to me, copy enclosed (the extra is/it is faster to annotate).

They have moved since your days, the coincidence of location being provocative.

I have written L separately, not knowing if she knows anything.

Larry also sent me the enclosed pages from Foreign Corporations Identified By Numbers from the Ill. Sec. State's office. I don't know whether you know anything about CT or any of the other companies they represent, but the list can help you help Larry if you should know anything about them.

After speaking to him, which I did after you were here, I've been meaning to ask you about Ingersoll. Aside from the British accent, anything interesting?

Appreciate anything you do. Please carbon me.

Little new here. Too cold to swim now, and I'm staying busy.

Hope your affairs are straightening out.

Sincerely,

Harold Weisberg
